Thread: [GuestPass giveaway.](#)

Ohya - January 5, 2011, 11:11 am

Hello HF,

I just bought WoW cataclysm..

And like every expansion pack, this came with (2x) WoW Guest Pass and (1x) Starcraft Guest Pass.

Since this is just a giveaway and not a contest, I decided to make this thread here.

Post which one you want and I'll send you the code.

Have a great day,

~Espada.

Thanks :D

Wait, what?

These are guest passes..

As in.. free play time.

You need to have an account and the games in advance..

But if you want TBC or WOTLK, then I suggest that you should download the official Blizzard Client Downloader.

These are guest passes and only good for free time if you make a new account and add full credit

card info to create the account.
