I got quite some victims too if you're talking about girls, you just need some thinking to get them.

I can't post because most are my age and I know them in person :P

If I do stumble upon one I can post, I will :) (I'm going to spread a big one soon, and hopefully get 100+ girls within a day)

alain57 - January 8, 2011, 2:48 pm

and how old are you ?

what kind of pictures are you afraid of posting topless ? nude ? hardcore ?

or just some bikini or underwear pictures ???

when i rat girls (that's hard, but i also had some when my server was FUD)

when i found pictures, this was always hollyday pictures like topless

sometime when i REALLY was lucky, i get some selfshot mirror picture unfortunately never naked, sometime in underwear, sometime topless in thong

here is one of my latest found (topless with friend)

I'm above the USA legal age, but under the legal age in my country.

They're fully naked, and pictures were taken with the webcam feature in the RAT while they were undressing.

god what is the legal age in you country ???

in most european country it is 18

i found it hard that the US use 21

i was afraid that you answer something like 13 or 14 lol

but if the girls are more than 21year old you could share ^^

if youre too afraid just censor (a little star for example) the privates body parts...

but heay, really do you think that they will ever find this topic ???

I'm more than happy to spread for you if you want.

If you upload it to mediafire & PM me the link (providing you name the document something like "Pic11") I can get you a TON of girls and boys if you want to download it guaranteed.

Even better if you provide an age range.
