The quality of the information is phenomenal. Saged goes into depth about every single detail in the eBook. The hours of work Saged had put into it, obviously payed off.

[img]<http://ploader.net/files/716ca4e758bb5d4a6a9a46ea5374d6a5.png>[/img]

I'm sure if I hunted this eBook high and low, I would not find any grammatical mistakes.

This eBook is extremely easy to use. The only part that makes this eBook hard, is reading it, because you just want to get straight in to making changes to your forum life.

[img]http://ploader.net/files/f2853ddf82126adbab24adad75bf36e9.png[/img]

Saged has used appropriate pictures, font, alignment and colour. This makes the eBook makes your eyes light up with lust.

What can I say? This eBook has blown my mind with originality. And what can be better, than a staff member with lots of experience passing on his knowledge be? With that, Saged has put a lot of thought into writing the eBook.

Notes

I can see that Saged has put a lot of time and effort into writing this eBook. The quality of information, originality and layout is far greater then all of the eBooks I have reviewed before. An eBook worth buying considering it's only \$8.

Great eBook!

Androctonus - January 8, 2011, 4:33 pm

This looks like a great ebook amigo. If I gather up some scraps I'll purchase it. Probably not so much for the learning, but I'm very interested in your opinions on shaping yourself as an individual here. If you wrote 12 pages of that, I'm sure it's worth the read.

Black Shadow - January 8, 2011, 4:51 pm

I just purchased this looks good I will give my opinion later after I read.

Tate - January 8, 2011, 5:25 pm

There are other ebooks about becoming a well known figure on forums, but not many. This was fairly original.

There was nothing that could prevent me from understanding what was being said.

Superb writing skills. Everything was formatted nicely, as well.

This was made in a way to where it could be easily followed. Of course, self discipline will always be involved when improving your character.

This book brought a few things to my attention that I might need to change about myself. This eBook doesn't attack anything about you, for instance if you're a known flamer, this eBook won't rant and rave at you for being one. It will tell you small steps to improve yourself in a non aggressive sort of way.

Xenochrist - January 8, 2011, 5:27 pm

I'm going to suggest everyone buy this just because it's written by Saged. Huge vouch for this guy- He knows his stuff. GL with the sales.

Saged - January 8, 2011, 5:36 pm

Thank you everyone.

Thanks for the opinion Tate. I seriously hope it sells. A lot of work went into it.

Just finished it, was a worthy purchase. It was very interesting, as expected. Always cool opinions and knowledge coming from you, I would have honestly been surprised if it was anything less then excellent. Good luck on future sales, your book is quite relevant to HF and overall packed full of great methods of self awareness and improvement.

Evan - January 8, 2011, 7:52 pm

Just bought this guide!

It's so detailed and goes into great depth for getting "popular" in forums.

Best 8 bucks I've ever spent!

Tate's guide is also great, easily worth another 10-15 dollars you're getting for free!

Saged - April 23, 2011, 10:16 am

STILL. ON. SALE. For Easter. ?

Gonzo - April 23, 2011, 10:40 am

Great E-Book from a great member. Thanks Saged. :)

TeamDong - April 23, 2011, 8:42 pm

I loved this ebook every single one of it!

Saged - May 7, 2011, 4:37 pm

Heh, no longer on sale, but still a good e-Book :3

Saged - May 29, 2011, 8:06 pm

'Tis back to be sold. Anyone?

Netadgang - May 30, 2011, 7:28 am

Hey Saged, i brought your ebook a long time ago but when i try to open it the link does not exist i'll pm you the link if i cud but it seems like you can't take pm's

Saged - May 30, 2011, 7:45 am

Hm.. I'll take a look. Gimme a sec

Ok i forgot all about the ebook so when i finely wanted to see it, the link didn't work ?

Saged - July 4, 2011, 4:05 pm

This is still available. :)

g?os? - July 7, 2011, 8:56 pm

I've just bought this eBook and I have now finished reading it.

In my opinion it's a great eBook and it will help a lot of new members getting known on a forum.

I've noticed something on the eBook though, you put full stops in a middle of a sentence instead of a comma, you've done it way more than once so i think the grammar on the official review should be 4 stars and not 5.

Anyways thanks for the eBook.

Saged - August 21, 2011, 4:53 pm

Still selling. You can see all the vouches that it is a fine book. :) Plus, it's on sale 30%!

BitzDefender - August 21, 2011, 5:14 pm

Just finished reading it...most of it IS common sense but it for sure is an eye-opener. I usually 'conquer' forums in the way you described so I bought it to learn more or maybe offer you some tips..you got most of it (then again you were staff at HF).

4/5 eBook. Good job.

Saged - August 26, 2011, 11:29 am

Still on sale. ^_^ (I swear, it's actually quite unique. Even if it is common sense.)

Saged - September 4, 2011, 3:06 pm

Still available. Also assisting people with questions, FAQ, etc.

CharlieSheen - September 5, 2011, 8:40 pm

I remember this ebook, I bought it back when you or a friend of your needed money or something like that. How has sales been going?

Decent, 1 or 2 every week. ?

Saged - September 16, 2011, 1:04 pm

Still available! (Still on sale as well.)

Eternal. - September 22, 2011, 9:19 pm

On sale? Hasn't this always been \$10?

Saged - March 29, 2012, 12:22 pm

Sales are still open. Great e-book, etc, etc.

Saged - September 22, 2012, 9:00 pm

Gonna try to this.. see if anyone is interested. :)
