Forenote: The Bragging Rights section doesn't say anything about it having to involve HF :3

I got a 5 foot long sword from Bleach. It's Ichigo's Tensa Zangetsu Sword.

Real, it's all metal, and fucking bites your shoulder when you're holding it lol

@Cold Fusion: It was \$40 at a Garage Sale lolol

Strik9 - January 8, 2011, 11:12 pm

That looks really nice.

I would not mind having it.

Xerotic - January 8, 2011, 11:15 pm

Looks like a shitty sword. Single edge blade? I disagree with that. When my brother and I spar we use double-edged swords. They are much better for practice. We both have a range of swords, I suggest you get more, they are great if you know how to use them. My bro and I have practiced since we were like 10.

A) Obviously, you don't watch Bleach, so please don't comment when it is so far off topic like this

B) This isn't for Sparing? You think you could spar with a Sword that fuckin big?

C) This is a "Fan" Sword, for shits and giggles

I mean come on... Sorry but this was just sad...

GuJJu - January 8, 2011, 11:27 pm

Yea, you can actually. Sort of the same effect as a staff of spear.

Eh. Either way, even fan swords can be made for practical use.
