How can you say that we will die fast?!..

We have only 9 GB used of 2000 and when we are starting to grow fast we will buy another disk!.

So DO NOT say that we will die fast!

Hey bro, I need the hosting. I'm from Pakistan (sach mai :P) and I have a domain which is expiring in 3 months. I was out of scene and all my earning methods are gone and I so want to run the site before the domain expires and I figure some amount to renew it.

Gooples - January 11, 2011, 2:24 am

May i get it please, but use the ip as the domain. Thanks.
