Does This File Clean ? Some one can help to check it ?

-mothered- - January 16, 2011, 2:04 am

A nice AIO tool there mate. I would've liked to have seen a broader range of Antis, but nevertheless, I appreciate this.

Many thanks.

Czarek580 - January 16, 2011, 2:29 am

your warning level is 60% can we trust you?

h4yR0 - January 16, 2011, 2:29 am

Is that Moon crypter REFUSED ?

Crypter maybe 1/16 , but stub is fully detectable

Agreed, is lacking some of them.

Vexes - January 16, 2011, 2:30 am

I swear, alot of you noobs are annoying. He is trustable, he undetected a crypter and modified it with his own design. Quit asking "Is it clean"

egabell1 - January 16, 2011, 2:58 am

This looks good, I will try this on my Virtual Machine.
Thanks for sharing.

Mortalis Piratica - January 16, 2011, 3:07 am

Its Moon Crypter source but i made it little undetectable and add new Encryption feature of XOR, this is public i will release private version as well.

Czarek580 - January 16, 2011, 3:19 am

i get error when i run this crypter

Mortalis Piratica - January 16, 2011, 3:26 am
