Dude tutorials are coming out your ass right now. I really like this one.

Intergalactik - January 16, 2011, 6:40 pm

Lol. I'm getting the hang of making them now. I have another one coming, I'll probably finish up tomorrow. I just need to choose the good tags from the bad tags for the tuts.

thanks lol

?

I do not understand that wind thingy to get it down...

Could you explain me???

You say: rotate your canvas, but then you're whole picture changes :O

Tell me :)

Intergalactik - January 26, 2011, 9:11 pm

what do you mean? flip your image > apply wind > flip it back

Ooooh haha, ic :P

I thought wind -> flip = very strange effect :P

Thanks :)

This made everything clear :P

This made everything clear :P The tut might not be noob friendly to the max, but it wasn't that hard. I need to remember that... filter > stylize > wind. GREAT effect.

Thanks.
