Thread: [NEW GODADDY COUPON\[get COM, US, MOBI, BIZ, NET, CA, or CO.UK for only 1.49\\$\]](#)

eXperienc3 - January 18, 2011, 7:32 am

Hi guys !! I just found a new coupon of godaddy.com recently the older coupon was expired so I decided to find a new one.....

here is the coupon WINTER149

P.s: By default they will add a hosting account for this order. You can remove it before submitting the payment from your cart

And i think u may require a Credit card for buying a domain

i hope u all wil like it :) ??

Joey Tribbiani - January 18, 2011, 7:34 am

Yes, it requires a credit card even if paypal is verified. Sucks !!!

Electronical - January 18, 2011, 8:01 am

Why can't it never work with PayPal?

rohanz - January 18, 2011, 8:37 am

this thing really sucks wid godaddy when there is is a coupon used they remove paypal payments... :(

d3adz3r0 - January 18, 2011, 11:54 am

i hate godaddy for this.... :(

y always credit card...???

Raijin - January 18, 2011, 6:16 pm

Is it only \$1.49 for one domain? Or \$1.49/domain in cart?

You Mad Bro? - January 18, 2011, 7:23 pm

its \$1.68 for me but thanks for the share man i cant use paypal, nevermind
