Please post it in this format.

- Code 1. Link to the scammers profile. This is to prevent confusion if a username change occurs.
2. Link to the thread in question if it exists where you may have been scammed.
3. Search Scam Reports area for any existing threads with the scammer. Search by username and also uid. If everyone adds the users profile then UID will be very effective.
4. Post any images/screenshots that you can provide as evidence of the scam. Best option is to use the spoiler tags for images.

Cosmo - January 20, 2011, 8:44 am

Just because it doesn't work, does not mean that he scammed you... it just means it's weak.

shane - January 20, 2011, 11:30 am

still scam because it doesnt work at all you cant say weak when it still doesnt even touch a unprotected host or even a persons ip

He sold you a working login to a product.. That's all you bought.

shane - January 20, 2011, 12:01 pm

no people were to buy a actual working booter not to login and look at a design

like buying a ticket to drive in a car lotus elise new model example on a racing track and they say sorry you can view the car but the car wont be put on track today you going to want a refund!!

TOXiiC x PLAGUE - January 20, 2011, 12:59 pm

i dont't think he's scamming, im sure theres a legitament reason and hoeefully it will be up soon, although i do wish he would keep us a bit more updated =/

but from what i can tell there seems to be a shortage on money for shells

i just find it hard to believe that a somewhat higher rated member of hf that is still getting online everyday is scamming

.Infinity. - January 20, 2011, 1:01 pm

Clearly lien, twBooter keeps people off at 1% power :L

On Topic - What hes doing does seem fishy, guess were going to have to wait and see if he says anything.

zanx952 - January 23, 2011, 10:28 pm

Yay, he gave me a -3 neg rep T_T

fox33 - January 24, 2011, 10:44 am

i use the booter for 2 days and i think some one hacked he is site coz when i login i found this
Quote:Maniac Booter is no more... This is because of Wiz Craft of Hack Forums scamming me out of \$400 and many members. I apologize for any inconvenience... If you purchased through wiz Please open a scam report and file a dispute through plimus....

Due to wiz scamming me I no longer have to money to keep this running... If some time in the future I start this project back up all current members will get their accounts back

Also so you know this was not a profit thing I did not make any money out of this.. Infact i lost about £50

Regards Ben (Maniac Booter of HF)

so he is mean not a scammer coz some one attacker he is site i hope he comig online or explin to us what is happend
thanks

Black-Blood™ - January 24, 2011, 10:49 am

He is definitely a scammer.

He owes me and some other guys more than 300\$ each.

Now that he got banned there is no chance that we get the money back.

zanx952 - January 27, 2011, 11:19 am

so basicly my neg rep cant be removed? :(
