Thread: [If you down-rep an uber. They WILL down-rep you. Reporting 6 cases of rep-abuse.](#)

x1029 - January 20, 2011, 7:34 am

If you're not a mod, admin, or being accused of rep-abuse on this thread. Please don't involve yourself.

So... I -3 repped an obviously shitty member: "Truth Hurts". Who has around 51 neg reps and neutral reps for posting LQPs on my threads and talking shit about me. And, obviously, he down-rep's me back. Everytime I give out negatives to asshole who deserve it, it always comes back to me, for no good reason. Literally all of my negs/neutrals are idiots who've either leeches my stuff, been rude to me, or made me want to puke. Except for the -5. I deserved that one.

So I've come to a conclusion. Anyone with 100% positive rep has never derepped anyone in their life. Does anyone else agree with that statement? Because I find it fairly childish that getting out your opinion on someone means they get to do the same when you've done nothing wrong... I mean look at all my reds, they come from people who have at least 10 or above negs and have been rep-fucked hard at least twice or even banned.

So I'd like a chance to explain my down reps and possibly get them turned over or something? You don't have to if that's not kosher. I really didn't care until it started effecting some sales.

Explanations:

joking - Rage repped me because I gave him a -1 for a marketplace violation.

Truth Hurts - Rage repped me because he thought it'd be nice to LQP on my "Psychological pot" discussion in the lounge: <https://hackforums.net/showthread.php?tid=987793>

Xin R - Not an issue.

°αøDoRdEøα° - This kid talked to me on MSN for 15 minutes, wasting my time, then neg repped me because he decided he didn't want my product.

-Hex- - I did NOT try to scam him. It was proven that he tried to steal my runescape account. Sale wasn't even related to HF.

Panik - Down repped him for talking smack involving rape, a topic I'm sensitive about, and then he down repped me just because I but a tarnish on his perfect streak.

xCod - "STOP THE FUCKING REP ABUSE... ", this one is the most infuriating. He stole my driveby, rereleased it under his name to make a quick buck, then has the balls to down-rep me? Damn that's gay.

So, if you guys decide to do nothing, it really doesn't matter to me... But it really is affecting sales, for the first time in months I was actually ASKED to go first due to my "standing" on a forum...

You are aloud to give revenge rep

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

read that

It doesn't matter, trust me. Read the [Help Docs](#) on reputation to see what they are not allowed to say in their reps. Other than that, stop -repping ub3rs if it's such a bothersome thing to receive them back.

"Revenge rep" Really? Are you serious? I read the damn rules when I joined, but if stupid shit like this effects my income... I want Reputation like mods, non-existant.

But whatever then. If they'd allowed to fuck me over because they were total douchebags to me, sure thing.

I guess topic locked.
