Thread: [\[Source\]WTS Keylogger Source FUD](#)

EnvyH30 - July 7, 2009, 6:51 pm

Hey every1,

I'm selling my keylogger source to only one person.
ITs Fud, check my old post about it.

moving to bigger and better things.

Price is \$40.00 usd.
Im only selling it to a trusted members/repped member.

Please pm me

here is the old post

ya the kyelogger owns but im selling the source now m8.

\$up - July 7, 2009, 7:27 pm

Good stuff bro, if I knew how to code and had a spare \$40, I wouldn't mind buying.

Good shit though man, good luck with the sale.

Tøxic GFX - July 7, 2009, 7:29 pm

what about the version without the source, is that \$40 still?

MoNeY BaGz - July 7, 2009, 8:11 pm

i just wana buy klogger

EnvyH30 - July 7, 2009, 8:20 pm

its 10 bucks without source.

Canadian - July 7, 2009, 10:45 pm

bought reg (message to short)

EnvyH30 - July 7, 2009, 10:53 pm

Still selling source

Sketchy - July 7, 2009, 11:14 pm

Doesnt FTP/Email get flag for the same thing. When I made a msn phisher and had it send an email it will would say "MSN.exe is trying to connect to the internet". O.o

mine does not-- its HTTP not ftp or email so no flags

AfterDeath - July 8, 2009, 2:05 am

nice, im searching a good keylogger but every1 is detected... best so far i got has 25% UD

EnvyH30 - July 8, 2009, 2:16 am

miine is FUD

Adzter - July 8, 2009, 3:39 am

ahem u r selling a keylogger source w/o a builder for 40\$?? :O

WynD - July 8, 2009, 5:19 pm

its the source code. you jsut build it urself

H3LL - July 9, 2009, 1:53 am

Probably you want to buy the compiler along =) It helps you so called "build" them =)

EnvyH30 - July 16, 2009, 12:42 am

lol
